

Study Club

Monday - Thursday

2:35-3:30 Room 508

Do you need help on your homework???

Do you need a quiet place to just read or work on assignments???

Then Study Club is for you!!!

Study club is a place to work on any (not just math) assignments you have in school. It is after school Monday through Thursday right after school until 3:30 in Mr. Faletto's room (Room 508). It is a completely voluntary club, where you can attend everyday or only on days you need help. It is a resource for you, so you can use it as you need it.

The only catch is...there is no ride home, so you will need to arrange for someone to pick you up after Study Club. See you there!!!
